

CAMBODIA'S ENERGY POLICIES TOWARD CARBON NEUTRALITY

Country Presentation

7th Government – Private Forum on
Cleaner Energy Future Initiative for
ASEAN (CEFIA)

Kobe, Japan
13-14 February 2025

7TH MANDATE GOALS (2023-2028)

Committed to achieve 70% installed renewable capacity, a 19% decrease in energy consumption and enhance electrification by 2030.

Many policies and roadmaps have been published to reduce Demand side (EE) and Clean Supply side (RE) towards Carbon Neutrality in 2050
